

Monitoring the Triad of Anaesthesia Monday 3 June 2024

VENUE The Catalyst Newcastle upon Tyne

This seminar is kindly sponsored by: HC21, MedScience, Medtronic in cooperation with A-LINE

Join us for this exciting seminar discussing monitoring of the anaesthesia components: Hypnosis ("depth of anaesthesia", pEEG), paralysis (neuromuscular blockade & monitoring), analgesia (nociception)

The seminar offers a series of talks, interactive discussion, workshops with practical equipment demonstration, and case presentations.
